Welcome Back for Term 2

Enjoying the change of season? Hopefully there is lots of rain for our trees, grass and everything in between. Great fun for the Bush Kindy children.

Dialogue and Collaboration – The second two pillars of respect

Last Monday, we had a whole school staff professional development day where we heard from Noel Nannup, a local, highly respected Noongar Elder. As a school we are very grateful to be on a path of greater dialogue and collaboration with Aboriginal people, their culture and this land.

Noel spoke so eloquently and with such wisdom we were all deeply affected. He linked his talk to the six seasons and left us wanting to know and experience so much more.

Of the four pillars of respect that Noel highlighted we are left to wonder whether a majority of non-Aboriginal people have only invested in the first two so far:

- (1) Acceptance
- (2) Tolerance
- (3) Dialogue
- (4) Collaboration

The College of Teachers is committed to ensuring that all four pillars of respect are strong in our school. May we be authentic in our dialogue and may we seek greater collaboration. Parents support of this aim is highly critical.

School Photos

This week, Midland Photographers will be taking class and individual photos. Please check the schedule enclosed and help with the logistics. Please follow the school dress code which can be found in the handbook and includes **no logos on clothing**.

Leaning Tree Steiner School

Last week our school was represented at the "School Warming" of Leaning Tree Steiner School in Geraldton. They have moved to their new site and into purpose built classrooms (see photo to the right). There are seven Steiner Schools in WA and we all wish our sister school in Geraldton a wonderful future.

IN THE LIGHT OF A CHILD

The light that burns within me – hidden, silent, deep,
 It streams with power like the sun from realms of sleep.
 It fills my heart with joy. It gives me strength and gladness
 And lets me shine to others too, to heal their sadness.
 When fire burns and I am master of this fire,
 Then, pouring light upon me, Heaven's Sons inspire
 My work, and I can do God's deeds as they require.

TASHI STEINER SCHOOL IN NEPAL

Art Therapy In Nepal Changing Lives

In June of this year I hope to continue my volunteer work in Nepal, working alongside some remarkable young survivors of Human-Trafficking, and re-visiting the **Tashi Waldorf School in Kathmandu.**

My plan is to personally deliver donations to three small organisations who are doing really big things, providing love, support and educational programmes for these survivors. I will also be taking funds to the Tashi School, raised by many of you from our School community ~ through purchasing books from outside our school Canteen, along with some much needed 'Steiner School' materials.

More information can be found at this link to my campaign: <https://www.gofundme.com/art-therapy-in-nepal-changing-lives/>

I appreciate even the smallest donations, which together will make a difference in achieving my target.

With love and gratitude,

EARLY CHILDHOOD

FROM THE COORDINATOR

A big thank you to all the people who have done what it takes to make Bush Kindy set sail this term. Special thanks to the High School for the use of the shared site. We hope to see you around the campfire at lunchtimes, as well as at your Ecology lessons. Class 3 students will also be sharing some experiences later in the term.

Today, families were invited to our site at the end of the day to have their children proudly show them around. While these parents have managed the anticipation and trust in the endeavour, the staff of our school have done the spade work to make it happen. Thanks go to all levels of our operations, from Council to Grounds staff, and all those who keep the communications and resources running betwixt and between. The establishment of the Bush Kindy means that we are building the resources and expertise to add to our outdoor repertoire of programmes. The sturdy high quality tents are an asset for now and the future, and will surely play a role in many a school event over the coming years.

Our gratitude overflows!

PRIMARY SCHOOL

FROM THE COORDINATOR

Kaya and welcome to Term 2 everyone.

We have a wonderfully exciting and busy term ahead. New main lessons, camps, plays, reconciliation week, excursions and the Winter Festival to name a few events.

We began the term with Dr. Noel Nannup sharing his wisdom of Place and the 6 season cycle with us on Monday. Marie Taylor also called to wish us all a wonderful term. This time last year we were running the Cultural Studies programme in the primary school and Aunty Marie remains closely connected with us. There is a photobook of last years Yelakitj Koondaam Nyungar Language and Cultural Studies Programme in the library so please have a look at it when you are next there.

Children often come and sit with me in my room and we chat about feelings and appropriate behaviour or what's going on inside and outside of ourselves. We grapple with putting words to emotions and we draw or sit quietly and read together. Recently this poem was created and I wanted to share it with you.

The car is broken
Now I hear the sound of bird calls
I brace myself against the cold air on my nose and fingers
I breathe deeply as I smell the crushed peppermint leaves in my hands
The trees are calm and they ground my heart and soul
As my feet keep moving one in front of the other
Deep down I am glad that I had to walk to school today

CLASS 3 EASTER CRAFT AND RAINBOW ART - Term 1

ART FROM CLASS 4 MAIN LESSON - Animals and Humans - Term 1

CLASS 7 KULBARDI MAIN LESSON

The Great Wind-Powered Car Challenge of 2019

They came in all shapes and sizes and sported exotic names like, *Silent Waves*, *Starry Night*, *the Jazzmo 5000*, *21 Oranges* and *McQueen*. They were made from all kinds of materials - from bespoke balsa wood through recycled juice bottles to Jatz crackers. They were the 14 entrants in Class 7 Kulbardi's Wind-Powered car Challenge held last Friday.

Using their knowledge of mechanics and sailing the students worked in pairs or on their own to design and create vehicles which could be propelled by wind power. The level of inventiveness, skill and sheer hard work was amazing.

Each entrant was allowed to have two runs and the majority were able to modify their machine to improve considerably on the second attempt. There were lots of Personal Bests. Size didn't seem matter as both large and small cars made distances as long as 10 metres. The mighty *McQueen* even over-ran the end of the track so perhaps we'll never know what it was truly capable of.

Congratulations to every involved - a fun and exciting way to end the Mechanics Main Lesson. Also a big thanks to Matt who gave us such a great experience of the many uses of the wedge earlier in the week.

CLASS 9 ECOLOGY

On Wednesday, 3rd April the Year 9 Ecology group, visited the Cockburn Wetlands Centre on the north side of Bibra Lake to get some hands on experience as part of their propagation and re-vegetation of native species study. The 15 students in attendance put in an excellent effort and between them managed to plant 151 individual native plants by hand. We hope that they will be able to come back years down the line to see the fruition of their efforts and reflect on how they helped with restoration of this native wetland ecosystem.

CLASS 12 PROJECTS

My name is Ethan Bates and my question for my Class 12 Project is "Do our experiences shape us? A narrative enquiry." I chose this topic because in my life I have been exposed to several negative and forming experiences that have created in me moments of insight and self awareness. I am really keen to know more about why I have become the person I am today. I am researching cognitive development, nature versus nurture and ideas about destiny including Rudolf Steiner's work in this area. For my Practical I want to create a performing atmosphere that exposes journey and destiny, and create an example of a life changing experience and awakening. This narrative performance will be a collective discussion consisting of one man and his audience. I am really looking forward to conveying the true meaning of how I felt before and after my life changing experiences and to provoke the audience to ponder what experiences in their lives have shaped them.

Please keep an eye out for information on my performance in August. I look forward to seeing you there and having some insightful conversations.

Ethan Bates.

MAINTENANCE & GARDENING

We are a waste wise school!

*We recycle what we use,
separate things and you should too!*

*Glass, paper, plastic and tin,
go in your RECYCLING BIN!*

*We must start now, we can't wait,
quick or it will be too late!*

Littering is not acceptable at our school. Rubbish is to be placed in the correct bins provided. Please see *Waste Minimization* below for more details on the different bins at PWS and how you can help make our school a Waste Wise School.

Waste Minimisation at Perth Waldorf School - Waste reduction in 2019 will continue to be focused in two aspects of reducing waste to landfill. One aspect is the gradual replacement of some green lid (landfill bins) with yellow lid (recycling bins) and the second aspect is to continue to build Biodynamic compost heaps. Our compost uses onsite waste products including food scraps from Kindy and Primary, wood shavings from PWS Woodwork, and weeds from the grounds. Our vision is to have multiple "same look" recycling stations placed throughout the school. Each station will have a large Recycling bin (yellow lid) a medium size Landfill Bin (green lid) and a 20 litre compost Bucket. Please identify the stations and use them to help reduce our landfill.

TERRACYCLE PROGRAM

The Terracycle program has grown and changed. They are no longer accepting plastics that can be recycled in your bins at home. Please see the info sheet over the next page and take care to sort your waste before bringing in. Also please do not place metals, glass (or rubbish!) in the purple bin.

Thank you.

Biography Work with Dale Irving

Rudolf Steiner spoke of the “occult hygiene” in methodically surveying our lives. The idea is that if we become more aware of our patterns and life choices we will develop greater consciousness.

Bernard Lievegoed and Gudrun Burkhard were forerunners in the process of life charting which is the basis of the approach I have been trained in through a course run over three years at the Sydney Rudolf Steiner College under the leadership of Karl-Heinz Finke, an international biography consultation trainer.

Biography Work assists us in understanding life phases and is helpful in exploring the differences between generations in families, workplaces and schools. It also has the capacity to investigate how destiny, karma and reincarnation might be at work in our lives.

Over the two modules I offer through the Rudolf Steiner College Perth we become familiar with the septennial phases and through the use of the chart begin to notice patterns and rhythms in the events and incidents. We then start to put larger questions to ourselves about how and why we might choose our particular paths.

It is fascinating to look a little more objectively at our lives through the charting and in listening to others in respectful conversation. Writing, drawing, gesture work and movement all support the new discoveries and the revisiting of stories.

I first presented Biography work in Perth at the RSC Foundation Course run by Jennifer and Horst Kornberger in 2015. Since 2017 I have provided day workshops and evening classes for the public and through the RSC Perth. I am also a member of the Word Sisters who write, devise and perform original work influenced by the philosophy of Rudolf Steiner and our biographies. From 1975 to 2017 I was a secondary Drama and Arts educator in the WA Education Department.

Workshops encourage sharing and our developing picture of what it means to be human.

MODULE 1: LIFE MAPPING

Life is itself a path of initiation which becomes more meaningful when it is lived in full consciousness, in a way that can be achieved through working on one's biography. (Burkhard, G. Biographical Work: the Anthroposophical Basis.2007).

Biography Work through Life Mapping provides a way of remembering life phases (septennials or 7 year phases) and uses artistic exercises to illuminate these memories. After the two Saturday sessions each participant will have a chart of main life events as a basis for further development. Conversation, creative writing, drawing and movement allow the workshops to be interactive, engaging and heartening.

Bring lunch and enjoy good conversation in the break. Tea and coffee will be provided.

Where Silver Tree Steiner School. 695 Roland Road, Parkerville
When Saturday 27th July and Saturday 3rd August, 10:00am-3:00pm
Fee \$100 Concession \$80

MODULE 2: FREEDOM OR FATE

The personal chart can become a precious lifetime possession. By yearly updating we can sustain our awakening recognition of destiny in motion. Through this inner process we gain a more mature, tolerant and compassionate in-look on destiny, both ours and others. (Bryant, W. A. A Journey through Time, 2006).

Biography Work through Destiny Learning allows a way to look at life patterns, rhythms, mirroring, destiny moments in a holistic way using the chart as the guide that expands and deepens over time. Karma and reincarnation will be part of the exploration as will the Double. This module allows for a deeper exploration of your life story. Active listening, helping conversations, writing and gesture work will provide ways to be heard and to listen and share our becoming human.

Bring lunch and enjoy good conversation in the break. Tea and coffee will be provided.

Module 2 at PWS has been cancelled for I have travel commitments for family matters.

Dear friends,

In the past 25 years, lyre making workshops have been held for parents of children about to start the journey of lyre playing with their class teacher. Rudolph Steiner College Perth would now like to make this available for any parent or friend who would like to have lyre playing in their home. For those interested, we highlight some of the benefits of playing the lyre for both adults and children.

As parents, we used the lyre at home for our young children. Apart from playing while we were singing, we would use it to console our children/babies if they had a bad dream for example or were simply upset. I found the sound of the lyre so special, so healing and noticed the harmonising and soothing effect it had on them. Later they too learned to play the lyre.

As a class teacher, in addition to the above, I also found that lyre playing in the classroom improved listening skills to the point that it helped those who could not sing on pitch.

It is for these reasons that Rudolph Steiner College Perth would like to organise a lyre making workshop run by Judy Gray at the Perth Waldorf School for those who would like to bring the magic of the lyre into their homes. This workshop could be possible in October/November this year.

We need to know the number of participants in order to organise the buying of the wood, strings, tuning pins etc. A small preparation group then has to cut and shape the wood in order that you can make the lyre in 4 half-Saturdays tutored by Judy Gray, with some rasping, sanding and oiling to be done at home. The cost would be in the neighbourhood of \$350. Places are limited to a maximum of 15 and minimum 12.

For more information contact me, Titus Witsenburg, 9310-3657

For booking contact Jenny Hill jennyhill@iinet.net.au

To secure a place in this workshop please book by the 25th of May in order for us to source the materials.
