Term 3, Week 2

Tuesday, 30th July, 2019

Tickets for the **High School Music Night** are available now. Go to MOSHTIX and type in Perth Waldorf School. It's a process but takes only a few minutes. Missing out on the limited number of tickets will be far more irksome! Last year's event filled Williams Hall and so as a result of the ever expanding music programme we have had to move to a bigger venue, "**FREO.SOCIAL**".

The music curriculum took a big step forward in 2007 when learning a classical instrument became available and compulsory for all primary children. We were probably playing catch up with our sister schools Silver Tree and West Coast Steiner. Since those early beginnings, once the fundamentals were mastered every child has been learning a classical instrument and playing in an orchestra. In recent years, from Class 8 onwards, every student studies contemporary music and this programme has flourished beyond everyone's expectations. If you want to connect with youth, try music!

Thanks to the leaders of the PWS music programme over the years, Janet, Titus, Paul and Claire. We are so proud of what you've given and what has been achieved.

VacSwim classes are being advertised in this week's Pabulum. Please consider signing your child up to learn to swim. Our school offers limited swimming class opportunities but relies on parents to take responsibility for ensuring kids are safe and skilful around water.

Next week the **Class 11 & 12 Drama** class are putting on their annual production. It is sure to be a very funny, well performed French farce. These students are the ones who, after 10 years of putting on class plays and imaginative play in kindy have CHOSEN to be on stage. We will once again walk away marvelling at their ingenuity, authenticity and polished performances. Can't wait!

Every term in week 2 and week 8 we accept **paid advertisements** in the Pabulum. You'll see ads inside.

One of the **central tenets of Steiner Education is to bring consciousness to whatever we are doing**. To act with care and to allow wisdom to inform us in all that we do. This doesn't match a current trend of saying whatever pops into our heads and feeling entitled to have our say no matter how ignorant or hurtful that may be. We are not entitled to do that. Especially whenever it lacks a generosity of positive spirit. It is just bad manners and rude. We are blessed in our school to have parents and staff all striving together towards the evolution of human consciousness through our own actions and through the education we are providing to the children. Let us strengthen this process by trying always to bring goodness to everything that we do and rejecting the desperate desire to be heard, to be seen and to be right. Try instead to listen, observe, love and be grateful. It's great for everyone!

School Administrator

IN THE LIGHT OF A CHILD

*In wintry depths of night
The majesty of heaven is so close to me,
Because my heart's new power and might
Makes real and full of substance all the things I see.*

*There flames in me, against all ice and frost, all rain and sleet,
The leaping, dancing fire-forces of my heart to give me
light and heat.*

EARLY CHILDHOOD

FROM THE COORDINATOR

Welcome back to our children and their families. The long winter break has given us the time for rest, exciting places, new ways to see things, and sleep-ins. A change of pace. Familiar rhythms now call us back.

This term sees the start of the season of Djilba, which covers the months of August and September. Known by Nyungah people as the time of the second rains, it brings flowers such as the wattle to life. We will be celebrating Djilba with the children using stories, songs and bushland experiences. As our teachers deepen their knowledge of the seasonal changes, we are bringing changes to the way we celebrate. The northern hemisphere experience of Spring is such a different one to ours here in Perth, isn't it? So we will not be having a Lower Primary and Kindergarten Spring Festival this year using folk dance and maypole activities, opting rather for marking the changes in a manner that respects the land we live on and its first people's knowledge. We trust that speaking with our Elders and deep observation of our environment will move us towards a truly authentic in-class celebration.

The past month has brought a string of rainy days alternating with sunny days, which has been wonderful for our gardens. The children have been picking snow peas, kale, silver-beet and parsley to complement their lunches.

Rainbow Room children love to dig, climb and build!

Jennifer Byrne - Early Childhood Coordinator.

A NOTE OF APPRECIATION

The Jarrah Miah Kindy has moved back down to the carriage lawn and we are loving our new set up. I would like to thank the amazing maintenance team for all their hard work and dedication.

Thank you to *Imelda* for all her many lovely donations some of which include a doll and many doll's clothes.

A big thank you to *Lisa Gallon* who has made us beautiful capes and crowns. They are divine and the children just love getting dressed up.

Craft group has donated us some adorable knitted animals and a felt quenda which is perfect for we have a resident quenda living under the carriage who really missed our food scraps last term!

Sarah is making us farm animals to go with our beautiful farm rug made by *Rebecca Mahon*. And thank you to *Leceile* for your exquisite craft work and tent expertise.

We have had many other donations of baskets and rugs and mud kitchen supplies and many more. A gnome tree house from *Cynthia* and *Simon*. A rainbow gnome from *Sunu*. Many small hand crafted items from *Anne Williams*. The building blocks from *Kimberley Beasley* were a saviour in Term 1. Titus, the painting boards are beautiful!

Thank you to *Fiona* and *Eva* and all their children for our weekly bread supply; makes soup day perfect.

The sense of community has been heart warming. My Grandad even made the round Jarrah table in the one tent and my dear Mum conquered her sewing anxiety to create a gorgeous doll.

The children entered the tent on day one and were in awe of all our beautiful new things that so many people have helped create.

And none of this could have been done without such a supportive parent group who have been with me every step of the way. As well as a dedicated faculty team led by Jennifer with her positive perspective.

Anna Scott, Lindy Frayne and Kelly Vujcic you are my rocks!

Many thanks to everyone and have a wonderful term.

Love, **Jo Aumanun - Jarrah Miah Teacher.**

PRIMARY SCHOOL

FROM THE COORDINATOR

Kaya, Djilba is certainly in the air and the beautiful yellow wattle are luminous and the new season is calling to the earth to begin to wake from its wintery, wet slumber.

Look out for the Djilba cream and yellow orchids as they will soon be flowering too.

This year we going to be looking deeper into the six Noongar seasons and we will begin with Djilba. This means that we are morphing our traditional Celtic spring festival into the festival of the land we are on and celebrate the nature that we see around us. We will have songs and stories and visits from Elders.

*The bush was grey a week today
Olive green and brown and grey.
But now the spring has come this way.
With blossoms for the djilba wattle*

Lisa Payne - Primary School Coordinator.

CLASS 12 PROJECT

Hi my name is Geordie. For my Class 12 Project my question is "Can cognitive training improve brain function, resulting in the improvement of a high-level athlete's overall performance?"

I am a keen cross fit athlete and this has been the perfect topic because I have always struggled with my mind holding me back in athletic sports. Cognitive training of any kind takes consistent practice, determination and finding the right method. I have learnt a lot about myself this year and how the mind works.

For my Practical I have been learning to take photos and hope with my photographs to represent the struggle behind an untrained brain. I am also making a straight jacket as a visual representation of how restrictive the mind can be on the body.

BIOGRAPHY WORK.....coming soon

MODULE 1 - LIFE MAPPING

"Life is itself a path of initiation which becomes more meaningful when it is lived in full consciousness, in a way that can be achieved through working on one's biography."
(Burkhard, G. *Biographical Work: the Anthroposophical Basis*.2007).

Biography Work through Life Mapping provides a way of remembering life phases (septennials or 7 year phases) and uses artistic exercises to illuminate these memories. After the two Saturday sessions each participant will have a chart of main life events as a basis for further development. Conversation, creative writing, drawing and movement allow the workshops to be interactive, engaging and heartening.

Bring lunch and enjoy good conversation in the break. Tea and coffee will be provided.

Where Silver Tree Steiner School - 695 Roland Road, Parkerville.
When Saturday, 3rd August, 10:00am-3:00pm.
Fee \$100, Concession \$80.

PLEASE NOTE A CHANGE IN DATES

"The personal chart can become a precious lifetime possession. By yearly updating we can sustain our awakening recognition of destiny in motion. Through this inner process we gain a more mature, tolerant and compassionate in-look on destiny, both ours and others."

(Bryant, W. A. A Journey through Time, 2006).

Biography Work through Destiny Learning allows a way to look at life patterns, rhythms, mirroring, destiny moments in a holistic way using the chart as the guide that expands and deepens over time. Karma and reincarnation will be part of the exploration as will the Double. This module allows for a deeper exploration of your life story. Active listening, helping conversations, writing and gesture work will provide ways to be heard and to listen and share our becoming human.

Bring lunch and enjoy good conversation in the break. Tea and coffee will be provided.

The Four Temperaments

– an exploration into ‘four-foldness’

Four temperaments, four elements, four kingdoms of nature, four bodily sheaths – searching for insights into ourselves, our children, students, and others...

The Four Temperaments have been recognised as a typology for understanding human beings since ancient times: the fiery choleric, the airy sanguine, the watery phlegmatic and the earthy melancholic. Rudolf Steiner added a connection with the four bodily sheaths: physical, etheric, astral and ego.

Learning to identify our own primary temperament(s) can be significant in understanding our deep-seated tendencies in communication, relationships and will activity. Learning to recognise it in others can greatly improve our understanding of them.

Over 4 weekly sessions, participants will be led through artistic and experiential exercises aimed at deepening your engagement with ‘four-foldness’ as a concept, with a particular focus on the Four Temperaments, and exploring the many ways it can be applied in everyday life.

The course, offered through Rudolf Steiner College Perth, is aimed at teachers, parents and anyone interested in practical Anthroposophy.

4 Thursday nights 7.00 – 9.00 from 22nd August – 12th September 2019 at Perth Waldorf School
Course Fee (inclusive of materials): \$160 (\$130 Centrelink Concession Cardholders)

Presenters

Jill Whitfield has been a seeker of wisdom ever since she can remember, always with the aim of embedding understanding in practical everyday life. Formerly a social worker, she encountered the ideas of Rudolf Steiner when she became a mother and subsequently trained and worked as a Steiner Class Teacher. Since completing a teaching cycle, she has relished having the time and energy to digest the experiences and questions raised by this intensive work. Developing this current course has arisen from the process.

Sharon D Clifford is an artist and a dedicated student of colour. Whether working with wet on wet watercolour technique or layering acrylics or pastels, Sharon is inspired by the endless interactions between colours and their connection with the Astral realm and our soul life. Sharon has created since she was a child, always playing, enquiring and transforming materials of some kind or another. She trained in textiles and delighted in the many techniques that brought colours into conversation. She taught handcraft and painting for many years and now works with adults and individual commissions.

Horst Hellman – In this year of the 100th anniversary of Waldorf Education, Horst Hellman is celebrating 50 years since first studying to become a Waldorf teacher. He spent over 30 years teaching in Steiner schools in Germany. Since 1982, he has been lecturing, conducting teacher-training seminars and mentoring Waldorf teachers in Australia, India, Taiwan, Thailand and Philippines.

Horst has a very special connection to WA because he spent his sabbatical year in 1981 in Australia. During that time, he gave talks on Waldorf/Steiner education in many places and the seeds from those talks grew into Steiner Schools, including Perth Waldorf School, Yallingup Steiner School and Golden Hill Steiner School in Denmark.

In 2000 he became the founding teacher of the school in Berlin "Eugen Kolisko/ Havelhoehe". After retiring in 2005, his activity in Asia has grown stronger. Presently, he is mentoring at Waldorf Schools in the Philippines & Thailand, & is facilitating teacher training in Thailand & Indonesia. Horst now lives in a village near the University City of Goettingen.
