Term 4, Week 2

Tuesday, 22nd October, 2019

The 2020 school term dates should form the basis of any holiday planning.

2020 TERM DATES:

Term 1: Tuesday, 4th February - Thursday, 9th April.

Term 2: Tuesday, 28th April - Friday, 26th June.

Term 3: Monday, 20th July - Thursday, 24th September.

Term 4: Monday, 12th October - Wednesday, 16th December.

Please strive to keep your children in school during term and make plans to be absent during school holidays. Apart for a legal requirement to have children at school, there are important benefits to your child of being part of the ongoing teaching and learning. Morning Main Lessons missed are never repeated and form the fabric of a very structured curriculum. The Main Lessons through the years from Class 1 to Class 12 are experienced by everyone in the class and are designed to connect with the child at each developmental stage. It is hard for children and teachers alike to strengthen their ongoing will forces, their feeling life and their thinking skills if this piece here is missed and that piece there is missed.

On another level, the classroom is a social being. What happens day to day informs our relationships and our way of relating. Missing significant chunks of school life can affect our social relations as everyone moves on in different ways. Of course, this can be mitigated and absence from school can't sometimes be helped but scheduling time away only during school holidays is one way to lessen the impact.

Jennifer Kornberger and Horst Kornberger are old friends of the school and in this week's edition is an advertisement for their latest creative endeavor. "Encountering your Nightself" sound interesting?

Likewise **EBB and FLOW** invites you to experience a "living and sustained sound sculpture". Tom (Parent) and Paul (Music Coordinator) have collaborated with many members of our community to bring this event about. See inside for details.

This week **Class 6 are presenting their Main Lesson Play**. We wish all the students the very best and thank Val for her inventiveness and creativity in directing the children. Class plays are a pivotal part of the curriculum and we are grateful for the work teachers, teacher assistants and parents put in with plays.

Next week, the Class 12 students will be doing their **Project Presentations**. We wish them well with their final preparations and thank all the staff involved in helping them get to this point in the one-year process. Penny Champ is the Class 12 Project Coordinator and she has worked tirelessly in her role both with the children and with the organization. We are so very grateful. Also, well done parents on holding your child through this process during the ups and downs.

IN THE LIGHT OF A CHILD

There once on earth was a Golden Age
 When the veilings of light were a heavenly sign.
 When the secrets of Nature were read like a page
 By the people, still wrapped in stars' shimmer and shine.

It's seldom amongst us that gods can be seen;
 And now there are fewer folks friends to the elves.
 And yet in this surging of growth and of green,
 My Angel speaks out to the great stars themselves:

"This child that I guide on the world's winding ways,
 He once saw your flame and he knows how it burns.
 In the darkness I'll lead him, through life's earthly maze
 Till he win his own strength, and the victory earns."

EARLY CHILDHOOD

FROM THE COORDINATOR

This term I will be offering perspectives on children from inside and outside Anthroposophy. A wide scan of the social horizon is illuminating. It can challenge and confirm our personal family choices. This week, I am sharing some of John Marsden's thoughts on modern parenting basics. He is a children's author and educator from Victoria. His writing often sparks lively responses from fellow teachers and parents, and it is precisely this that makes it worthwhile reading. How about you pick one of his points and have a lively conversation about it!

JOHN MARSDEN'S TIPS FOR PARENTS

1. Give children space. Back off. Let them roam. Let them be bored. Don't over-plan their lives. Cut way back on the after-school activities programs.
2. Keep away from all those ghastly, soulless, sterile playgrounds. Keep away from shopping malls. Look for real places. Wild places.
3. Be an adult. Say no to your children at least once a day. If the role of Adult in your family is vacant, then one of your children will fill it. And it won't be pretty.
4. Don't take up all the space. If you are dominating, loud, forceful, your children are highly likely to become passive, lacking spirit and personality ... and/or sullen.
5. Believe about 40 per cent of the dramatic stories your children tell you of the injustices, corruption and satanic practices happening at school.
6. Teach them empathy. For example, after their jubilant victory celebrations when they win a sporting match, remind them that their jubilation was only possible because someone else – the losers – have been made to feel awful.
7. Help them develop language skills. Don't finish their sentences for them. Don't correct them when they mispronounce a word – they'll work it out sooner or later. Ask them open-ended questions, that need a detailed answer, not Yes/No questions.
8. Make sure they have regular jobs/duties at home and that those jobs are done to a consistently high standard.
9. Don't whinge endlessly about the miseries of your adult life. A lot of children now are fearful about growing up because their parents paint such a grim picture of the awfulness ahead.
10. Teach them to be very wary of people who Absolutely Know the Absolute Truth about Absolutely Everything! The colour of truth is always grey. Extreme positions are for the ignorant. Every creature, every person and every situation is complex. The universe is a wonderful mystery.

PRIMARY SCHOOL

We also now have a set of Honey Ant early readers for lower primary, created in the Northern Territory as well. Thank you to all of you who supported the initiative.

- Lymphatic facial massage stimulating the skin's immune cells. Working with the etheric and physical bodies.

This skin treatment has been designed by Elizabeth Siegmund, the co-founder of Dr Hauschka biodynamic skin care. Together with Dr Rudolf Hauschka (chemist) and Margarete Hauschka (lymphatic massage therapist) Siegmund translated Steiner's inspiration into a treatment:

"Follow the rhythm, rhythm carries life."

Ms Siegmund created a treatment that considers beginning, middle and end, above and below, activity and passivity, and the still point of balance, where the lymph system and skin can be harmonized most effectively.

This is in fact a natural face treatment that incorporates the whole body, and leads to a serene and uplifted state and a strengthened skin.

SOMNUS

Theatre of the Sea

FREMANTLE BIENNALE

SOMNUS is a radical enquiry into the nature of sleep, immersing audiences in the experiences of four sleepers as they cycle through the fear and ecstasy of REM and non-REM states. The pillared warehouse of PS Art Space will transform into an otherworld of kinetic still lives, nocturnal languages, poetry, and haunting music-scapes, where audiences roam between stages of sleep. What lights up in this panorama is our passionate search for meaning as we encounter our 'nightself'.

Conceived and written by Jennifer Kornberger, directed by Horst Kornberger, with music composed by Eva Jurgec, SOMNUS is a large-scale collaboration between some of Slovenia's best performers and an outstanding ensemble of Australian artists.

EBB & FLOW | Undercurrent Choir

Hi everyone, over the last year Tom Mueller (PWS parent) and I have been experimenting with a group of singers willing to go into new musical dimensions. The result is called 'Ebb & Flow' and has been described as a "sound sculpture expressed collectively by the act of toning; a living and sustained sound sculpture responding to the spatial aspects of PS Art Space." The piece has no words, no written music and there are no chairs for the audience- instead they will be invited to meander through the living sound sculpture. Curious?

Performances are on: **15th, 16th and 17th November, 2019 at 7:00 PM.**

At **PS ART SPACE, 22 Pakenham Street, Fremantle, WA 6160**

Tickets are \$10. Available at https://www.fremantlebiennale.com.au/program/undercurrent_choir/
